- Builders must provide specs and information for all installation requirements. For example: glues, fasteners, underlayment, etc. must be received by predetermined date to meet production schedule.
- SMI is not responsible for any discrepancies, damages to product, missing parts, or any problems arising from receiving, handling, installation, or shipping of the builder supplied item(s).
- Items not received prior to the start of production and/or items with incomplete/missing parts will not be installed.
- Builders will not be reimbursed for any costs they incur to install.
- If there is product received that is damaged it will be the sole responsibility of the Builder to return the damaged product to the vendor for credit. Replacement materials will be installed at the discretion of SMI if time is available before shipment.
- Please make every effort to fill out as much information as possible. This will reduce the possibility of problems when the unit goes online.
- We would appreciate the builder be present when the product is received so any returns or replacements will be handled in a timely manner.
